The Commissioners and Stakeholders
Capital Region Airport Commission
Richmond International Airport, Virginia

Members of the Commission and Stakeholders:

We are pleased to submit for your information the Annual Comprehensive Financial Report (ACFR) of the Capital Region Airport Commission (the "Commission"), for the fiscal year ended June 30, 2024, prepared by the Commission's Finance Department. Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with management. We believe the data, as presented, is accurate in all material respects; that it is reported in a manner designed to fairly set forth the financial position and results of the operations of the Commission and that all disclosures necessary to enable the reader to gain an understanding of the Commission's financial affairs have been included.

Management has provided a narrative introduction, overview, and analysis to accompany the financial statements which are included in the Management Discussion and Analysis (MD&A). This letter of transmittal should be read in conjunction with the MD&A which can be found in the Financial Section of this report.

ORGANIZATION OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT

The Commission applies the Government Finance Officers Association (GFOA) recommended presentation in financial reporting.

THE COMMISSION

The Commission was created in 1975 as a political subdivision of the Commonwealth of Virginia by an Act of the Virginia General Assembly (the "Act") allowing the Commission to own and operate one or more airports to serve the Richmond metropolitan area. Under the Act, any of the city of Richmond (the "City") and the counties of Henrico, Charles City, Chesterfield, Goochland, Hanover, New Kent, Powhatan, and the Town of Ashland may join the Commission as a "participating political subdivision" subject to making a satisfactory capital contribution to the Commission. On January 1, 1976, the Commission assumed ownership and control of Richmond International Airport (the "Airport") from the City. The City and the county of Henrico became the first political subdivisions to participate in the Commission. Subsequently, the counties of Chesterfield and Hanover also became participants in the Commission. The current political subdivisions are the four most populous jurisdictions in the metropolitan area of Richmond.

According to the Act, the City and the counties of Chesterfield and Henrico may appoint four Commissioners to the Commission and the county of Hanover may appoint two Commissioners. The governing body of each jurisdiction appoints Commissioners to four-year terms; however, the governing bodies retain the right to remove a Commissioner at any time and appoint a successor. The Commissioners' responsibilities include approving capital and operating budgets, issuing bonds as needed, and administering, managing, and directing the activities of the Commission.

THE REPORTING ENTITY

Capital Region Airport Commission is an independent political subdivision where all fourteen board members are appointed by local governmental jurisdictions and is comprised of the City, and the counties of Chesterfield, Hanover and Henrico.

The Commission manages all the business activities of the Airport and produces the financial statements as well as being responsible for the Airport's capital improvements. The Commission currently is comprised of 21 departments: Utilities/Ground Maintenance, Electrical Maintenance, Building Maintenance, Baggage Handling Systems, Electronic Systems, Maintenance HVAC, Environmental Services, Equipment/Automotive Maintenance, Police and Communications, Aircraft Rescue and Fire Fighting (ARFF), Operations, Safety, Landside Operations, Finance and Procurement, Properties and Concessions, Capital Development, Information Systems, Executive Division, Human Capital, Marketing, and Customer Service Experience.

AIRPORT OPERATIONS

On October 15, 1927, Richard E. Byrd Airport, named after the Virginia explorer-aviator, Admiral Richard Evelyn Byrd, was dedicated. Present at the opening ceremony was Col. Charles Lindbergh and his famous aircraft, The Spirit of St. Louis. The Airport's construction was initiated earlier as the city purchased 100 acres of land for \$30,000 and leased 300 more. Presently the Airport owns 3,078 acres.

Today the Airport is called Richmond International Airport (RIC). The Airport has evolved into one of the most modern and well-equipped airports in the eastern United States. The Airport is currently served by nine major airlines, ten regional carriers, and occasional charter operations which serve the needs of the area's citizens with about 150 daily flights. The community's air cargo needs are met by four all-cargo carriers; two fixed base operators on the grounds offer fuel and maintenance services for corporate aircraft and the Airport has been designated as Foreign- Trade Zone #207 with the Commission serving as grantee. The total enplaned passengers in fiscal year 2024 (FY24) was 2.44 million which was a 10.0% increase from the fiscal year 2023 (FY23) level of 2.22 million enplanements. The increase in enplanements was due to the recovery from the worldwide pandemic including an increase in leisure travel demand, a rebound in business travel, and new destinations offered by the Airport's air carriers.

The Airport also handled 198 million pounds of cargo in FY24, an annual record for RIC.

According to the most recent evaluation by the Virginia Department of Aviation, the Airport is an economic engine with activity generating an impact of about \$2.1 billion annually and approximately 16,000 jobs across the Richmond region, including about 2,500 direct jobs at the facility.

ECONOMIC CONDITIONS

The Airport is conveniently located approximately seven miles from the City's central business district, providing air service to a record 4.88 million passengers this fiscal year. The Airport is geographically located within 750 miles of approximately 60% of the nation's population.

The 2024 FAA terminal area forecast (TAF) calls for RIC enplanements growth over the next ten years to average approximately 1.9 percent per year. The FAA expects U.S. carriers to remain profitable over the next few years as rising demand – despite higher fares – more than offsets higher costs for labor and fuel. As yields stabilize and carriers return to levels of capacity consistent with their fixed costs and shed excess debt, consistent profitability should continue. Over the term, the FAA states that they see a competitive and profitable aviation industry characterized

by increasing demand for air travel and airfares growing more slowly than overall inflation, reflecting growing U.S. and global economies.

https://www.faa.gov/data_research/aviation/aerospace_forecasts

In FY24, the Airport experienced a significant increase in passenger airline activity due to the economic recovery from the COVID-19 pandemic, route additions and enhancements, and significant economic progress across the Richmond Metropolitan Statistical Area (MSA) and the Commonwealth of Virginia:

- FY24 passenger traffic increased, in part, due to several new routes such as Richmond to Ft. Myers (Breeze), Spirit adding service to Ft. Myers and Tampa for the winter season, and the Southwest schedule reset which notably included adding Richmond (RIC)-Baltimore/Washington (BWI) and Richmond (RIC)-Nashville (BNA) service.
- Minneapolis, MN, enjoyed more frequency with Sun Country beefing up its summer seasonal schedule and Delta enhancing its service to the carrier's MSP hub.
- For the fourth consecutive year, the Capital Region Airport Commission earned Great Place to Work Certification™. This prestigious award is based entirely on what current employees say about their experience working at Capital Region Airport Commission. Great Place to Work® is the global authority on workplace culture, employee experience, and leadership behaviors proven to deliver market-leading revenue, employee retention and increased innovation. In 2024, 90 percent of Commission employees said Richmond International Airport (RIC) was a great place to work.
- Also, for the fourth consecutive year, the Airport earned GBAC® STAR Facility accreditation from the Global Biorisk Advisory Council. GBAC® STAR is an important indicator of a facility's thoroughness with cleaning, disinfection, and prevention, demonstrating a commitment to maintaining a safe and healthy environment. In 2021, RIC was the first airport in Virginia to earn GBAC® STAR accreditation and one of the first 30 in the U.S. to be accredited.
- For the third time, the Airport was selected by the U.S. Department of Transportation for a Small Community Air Service Development Grant (SCASDP). In this case, the USDOT has pledged up to \$1,000,000 to support marketing and a revenue guarantee for new air service between Richmond and Seattle once an operating carrier commits to the route.
- In 2024, Richmond was named the #1 "Best Town to Visit" by CNN, which noted that the town deserves more attention with "top-notch museums and intriguing neighborhoods, and it's a great spot for dining, drinking and getting outdoors. There's an impressive arts scene and a nearly year-round lineup of festivals." Read more about CNN's take on Richmond here: <https://www.cnn.com/travel/richmond-virginia-best-towns-america>.
- Soon thereafter, CNBC named Virginia the #1 "Top State for Business," dethroning neighbor North Carolina. This is the sixth time Virginia has taken the top spot. See the details here: <https://www.cnbc.com/2024/07/11/top-states-for-business-virginia.html>.
- Additional community accolades may be found on the websites of [Chamber RVA](#), the [Greater Richmond Partnership](#), and [Richmond Region Tourism](#), among others.

DEMOGRAPHICS AND EMPLOYMENT

The population of the Richmond-Petersburg MSA (2003 definition) is roughly 1.4 million according to a U.S. Census Bureau report and, as noted earlier, continues to report steady population growth. The median household income across the Richmond metro area rose 3.6% between 2022 and 2023, per new Census Bureau data. Richmond-area median income was \$84,332 in 2023, compared with \$81,388 in 2022, adjusted for inflation.

The Richmond Metro area's unemployment rate was 3.1% in June 2024, slightly higher than the 3.0% reported in June 2023; for the U.S., unemployment was 4.1% in June 2024 and 3.6% in June 2023 per the U.S. Bureau of Labor Statistics.

Twelve Richmond region enterprises are Fortune 1000 companies, including eight ranked among the Fortune 500:

Performance Food Group	\$53,355M	CarMax	\$31,126M
Altria Group	\$20,502M	Dominion Energy	\$17,867M
Markel	\$15,804M	Owens & Minor	\$10,334M
ARKO Corporation	\$ 8,239M	Genworth Financial	\$ 7,488M

Greater Richmond Fortune 1000 companies:

Brinks	\$4,875M	ASGN Inc	\$4,451M
NewMarket	\$2,698M	Universal	\$2,570M

COMMISSION WEBSITE

The Commission has a website that offers a wide variety of current information to users, including financial information and operational statistics. Users have the capability to access the airlines serving the Airport, flight arrival and departure information, and download flight schedules directly onto their smart phones along with information about ground transportation, parking, and maps.

In recent years, the Commission has introduced real-time data for TSA screening wait times (each concourse, regular and PreCheck), and parking space availability data. Further enhancements are planned with an update scheduled for fiscal year 2025.

The Commission's Annual Comprehensive Financial Report (ACFR) is posted on the website. The web address is www.flyrichmond.com.

FINANCIAL INFORMATION

The Commission's management is responsible for establishing and maintaining internal controls sufficient to ensure safeguarding of Commission assets. In developing and evaluating the Commission's accounting system, consideration is given to the adequacy of internal controls.

Internal controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the valuation of cost and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the Commission's internal controls adequately safeguard assets and provide reasonable assurance for proper recording of financial transactions.

In addition to the internal controls described above, budgetary controls are also established to ensure compliance with annual operating and capital budgets approved by the Commission. Monthly reports containing comparisons between actual and budget and current and prior year amounts are prepared and presented to the Commission. The Commission approves significant capital budget adjustments.

FINANCIAL HIGHLIGHTS

In fiscal year 2024, the Airport experienced a 10.0% increase in the number of passenger enplanements when compared to fiscal year 2023, resulting in total fiscal year 2024 enplanements of 2.44 million. The increase in passenger traffic had a positive effect on the Commission's parking and concession revenues, increasing each by approximately 10%.

The Commission adopted the fiscal year 2025 budget which includes \$66.3 million in operating revenue a (3.0%) decrease compared to fiscal year 2024 actual revenues of \$68.4 million. The Commission's budgeted operating expenses for fiscal year 2025 are \$46.3 million, a 30.3% increase when compared to fiscal year 2024 actual expenses of \$35.5 million. The Commission continues to evaluate the impact that the potential economic headwinds will have on the fiscal year 2025 passenger traffic and will adjust the fiscal year 2025 budget plan as required.

INDEPENDENT AUDIT

The Commission's enabling legislation requires an annual audit of its financial statements by independent certified public accountants that are selected by the Commission. This requirement has been met and the auditors' opinion is included in the Financial Section of this report. In addition, the annual audit complied with the requirements of the U.S. Office of Management and Budget Uniform Guidance and the applicable reports are included in the Compliance Section.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Capital Region Airport Commission for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. This was the thirty-fourth consecutive year that the Commission has achieved this award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

The preparation of the annual comprehensive financial report on a timely and efficient basis is achieved by the efficient and dedicated services contributed by the entire Finance department staff. We wish to express our appreciation for their continuing efforts in maintaining the highest standards for managing the financial operations of the Commission. We would also like to express our appreciation to all the members of the Commission, which includes the Commissioners, for their continued support and guidance.

Respectfully submitted,

A handwritten signature in black ink that reads "Perry J. Miller". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Perry J. Miller, Ph.D., A.A.E., I.A.P.
President and Chief Executive Officer

A handwritten signature in black ink that reads "Basil O. Dosunmu". The signature is cursive and somewhat compact, with a distinct loop at the end.

Basil O. Dosunmu, C.P.A., C.I.A., A.A.E.
Chief Financial Officer

FINANCIAL SECTION

Items included within this section are the report of the independent auditor, management's discussion and analysis, financial statements, and required and supplemental information.

RICHMOND

Independent Auditors' Report

**To the Commissioners
Capital Region Airport Commission
Richmond International Airport, Virginia**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities Capital Region Airport Commission, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Capital Region Airport Commission, as of June 30, 2024 and 2023, and the changes in financial position, and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Capital Region Airport Commission, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Capital Region Airport Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the *Specifications for Audits of Authorities, Boards, and Commissions*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Capital Region Airport Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Capital Region Airport Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules related to pension and OPEB funding as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Capital Region Airport Commission's basic financial statements. The accompanying supplemental information and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2024, on our consideration of Capital Region Airport Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Capital Region Airport Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Capital Region Airport Commission's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION & ANALYSIS

The MD&A provides an introduction and overview
of the financial statement package.

RICHMOND
INTERNATIONAL AIRPORT.

**Capital Region Airport Commission
Management's Discussion and Analysis
June 30, 2024 and 2023**

The Capital Region Airport Commission's ("Commission") Management's Discussion and Analysis ("MD&A") section provides a review of the key financial events and items impacting Richmond International Airport's (the "Airport") operations and financial statements. This discussion and analysis provides an overall view of how the Airport deals with both current and future conditions.

The preparation of this report was performed by the Commission's management team and we recommend that the Management Discussion and Analysis be read in conjunction with the Commission's financial statements and the supplemental schedules included in the financial report. Following this MD&A are the basic financial statements of the Commission together with the notes thereto, which are essential to a full understanding of the data contained in the financial statements.

The Commission's financial statements are prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP") applicable to governmental units, as prescribed by the Governmental Accounting Standards Board (the "GASB"). The financial statements are prepared on the accrual basis, recognizing revenue when earned and expenses when incurred, and include all the business activities of the Airport. Assets are designated as restricted and unrestricted in accordance with indentures and other agreements. See notes to financial statements for a summary of significant accounting policies.

The Commission's operations are self-supported using aircraft apron fees, landing fees, fees from the terminal and other rental as well as revenues from concession and non-aviation revenues such as parking and food establishments to fund operating expenses. The Commission is not taxpayer funded. The capital program is funded by bonds, federal and state grants, customer and passenger facility charges and net remaining revenue after operating and debt service costs.

The Commission's fiscal year is from July 1 to June 30. The following MD&A of the Commission's financial performance is for the years ended June 30, 2024, and 2023. Information for the preceding fiscal year ended June 30, 2022, has been included to provide a better insight into the overall financial performance of the Commission. All dollar amounts are provided in thousands.

COMMISSION ACTIVITIES & HIGHLIGHTS

The Airport experienced an increase in passenger traffic in fiscal year 2024 when compared to fiscal year 2023. The number of enplaned passengers was 10.0% higher than in fiscal year 2023. The increase from fiscal year 2023 is primarily driven by an increase in leisure and a rebound in business travel along with the route additions and enhancements and economic growth in the region.

Passenger airline landed weights increased by 8.5% in fiscal year 2024 from the prior year; cargo airline landed weight increased by 7.4% from the prior year. The increase in passenger landed weights is mainly attributed to the increase in leisure travel. FedEx and UPS continued to represent most of the cargo landed weights in fiscal year 2024. Aircraft operations represent landings and takeoffs for air carriers (passenger and cargo), air taxi and commuter, general aviation, and military operations. This activity decreased (1.1%) over the prior fiscal year primarily attributable to a decrease in passenger airline activity due to the economic recovery from the COVID-19 disruption.

The Commission ended fiscal year 2024 with a 10.7% increase in revenues when compared to the 2024 approved budgeted revenues and a 10.7% increase when compared to fiscal year 2023

**Capital Region Airport Commission
Management's Discussion and Analysis (Continued)
June 30, 2024 and 2023**

revenues. This was primarily due to a 30.3% increase in concession revenue when compared to the 2024 budgeted concession revenue and a 10.0% increase in parking revenue when compared to the 2024 budgeted parking revenue. Concession revenue increased 9.8% when compared to fiscal year 2023 concession revenue, and parking revenue increased 10.4% when compared to fiscal year 2023 parking revenue. The increase in concession revenue is primarily due to the receipt of 2022 and 2023 profit sharing revenues in retail sales which is an increase of 100.4% compared to budgeted retail sales and a 32.1% increase in food and beverage revenue when compared to fiscal year 2024 budgeted revenues. The increase in parking revenue is attributed to the 10.0% increase in enplanements when compared to the fiscal year 2023 enplanements.

The Commission's revenues are derived primarily from airline rates and charges for the use of the Airport's facilities in the form of landing fees, terminal rents, and apron fees received from airlines using the airport; concession fees from the vendors serving the passengers including food, retail and rental cars; public parking fees including surface and garage parking; and fixed based operator activities from general aviation activities. The average monthly enplaned passengers were 203,376 in fiscal year 2024, 184,936 in fiscal year 2023 and 162,533 in fiscal year 2022. The increase in passengers, when compared to fiscal year 2023, had positive effects on the Commission's main revenue stream, parking, in fiscal year 2024.

Aircraft operations decreased to 103 thousand, a (1.1%) decrease when compared to fiscal year 2023 operations of 104 thousand which was a 9.5% increase when compared to FY 2022. Aircraft operations are comprised of air carriers, the military, air taxi, and general aviation.

Cargo landed weight in 1,000-pound units increased by 7.4% in fiscal year 2024 to 700 million pounds compared to fiscal year 2023, remained the same in fiscal year 2023 at 652 million pounds compared to fiscal year 2022, and increased by 4.3% in fiscal year 2022 from 625 million pounds.

The Airport's parking revenue increased 10.4% in fiscal year 2024 when compared to fiscal year 2023 and increased 21.7% in fiscal year 2023 when compared to fiscal year 2022. Parking revenue increased because of enplanements that were higher than enplanements from fiscal year 2023. Parking revenue per enplaned passenger increased 0.4% when compared to fiscal year 2023 parking revenue per enplaned passenger. Parking rates were essentially the same as fiscal year 2023.

The parking revenue accounted for 44.1% of the Airport's operating revenue in fiscal year 2024 compared to 44.2% in fiscal year 2023 and 40.8% in fiscal year 2022.

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Parking Revenue per Enplanement	\$12.36	\$12.31	\$11.51
Percent Increase (Decrease)	0.4%	7.0%	14.6%

Unrestricted	54,996	51,710	41,219
Total net position	\$ 588,620	\$ 554,902	\$ 513,902

The Commission experienced an increase in total assets of approximately \$28.5 million or 4.5% during fiscal year 2024 when compared to fiscal year 2023 and a \$33.2 million or 5.6% increase during fiscal year 2023 when compared to fiscal year 2022. The increase in fiscal year 2024 can be attributed primarily to a \$34.7 million increase in restricted cash and cash equivalents and a \$2.3 million increase due from state and federal government compared to fiscal year 2023. This was offset by a (\$10.1) million decrease in property and equipment when compared to fiscal year 2023.

Total liabilities decreased (\$5.2) million or (8.6%) in fiscal year 2024 when compared to fiscal year 2023 and decreased (\$9.0) million or (13.1%) in fiscal year 2023 when compared to fiscal year 2022. In fiscal year 2024, this change is primarily attributable to a (\$6.4) million decrease in long term debt, net of current maturities when compared to fiscal year 2023 and an \$1.3 million increase in current liabilities when compared to fiscal year 2023.

**Capital Region Airport Commission
Management's Discussion and Analysis (Continued)
June 30, 2024 and 2023**

The increase in net financial position for fiscal year 2024 was \$33.7 million when compared to fiscal year 2023. Net financial position increased \$41.0 million in fiscal year 2023 and increased \$30.4 million in fiscal year 2022. Fiscal year 2024 resulted in a gain from operations of \$3.7 million, an increase of \$2.5 million versus the prior year. The increase is primarily attributed to \$6.6 million growth in operating revenue versus the prior year offset by a \$4.3 million increase in operating expenses. In fiscal year 2023, the gain from operations was \$1.2 million, which was a \$20 thousand increase in gain from operations when compared to the fiscal year 2022 gain from operations of \$1.2 million. Net nonoperating income for fiscal year 2024 reflected a decrease in net revenues of (\$9.5) million relative to fiscal year 2023. This is attributed to a decrease of (\$15.9) million in federal grant revenue offset by an increase of \$794 thousand in PFC revenue and \$136 thousand increase in CFC revenue, a \$4.0 million increase in interest income, a \$216 thousand decrease in interest expense. Net nonoperating income for fiscal year 2023 reflected an increase in net revenues of \$13.1 million when compared to fiscal year 2022.

Capital contributions decreased to \$10.9 million in fiscal year 2024, a (\$276) thousand or (2.5%) decrease when compared to fiscal year 2023. Capital contributions decreased to \$11.2 million in fiscal year 2023, a (\$2.5) million or (18.4%) decrease when compared to fiscal year 2022.

The below chart shows revenues, expenses, and the change in net position for the three years ended June 30, 2024, 2023, and 2022.

	FY 2024	FY 2023	FY 2022
Operating revenues	\$ 68,381	\$ 61,749	\$ 54,972
Operating expenses	35,542	31,197	25,634
Operating income before depreciation	32,839	30,552	29,338
Depreciation and Amortization	29,149	29,353	28,159
Operating income (loss)	3,690	1,199	1,179
Nonoperating income, net	19,126	28,622	15,496
Income (loss) before capital contributions	22,816	29,821	16,675
Capital contributions	10,903	11,178	13,692
Change in net position	33,719	40,999	30,367
Beginning net position	554,901	513,902	483,535
Ending net position	\$ 588,620	\$ 554,901	\$ 513,902

Operating income before depreciation for fiscal year 2024 increased by \$2.3 million or 7.5% compared to fiscal year 2023, fiscal year 2023 operating income before depreciation increased by \$1.2 million or 4.1% compared to fiscal year 2022. Depreciation and amortization expense decreased by (0.7%) between fiscal year 2024 and 2023 and increased by 4.2% between fiscal year 2023 and 2022. The weighted average yield on investments was approximately 0.95% for fiscal year 2024, 0.01% for fiscal year 2023, and 0.50% for fiscal year 2022.

Management's Discussion and Analysis (Continued)
June 30, 2024 and 2023**

REVENUES

The following graphs illustrate the operating revenues for the three fiscal years ended June 30, 2024, 2023, and 2022 and main sources of revenues for the Airport and each source's percentage of total operating revenues for the fiscal year ended June 30, 2024.

2024 Operating Revenue

Parking revenues at the Airport for fiscal year 2024 were \$30.2 million, which represented a 10.4% increase compared to fiscal year 2023; parking revenues for fiscal year 2023 were \$27.3 million, which represented a 21.7% increase compared to fiscal year 2022. The increase in parking revenue in fiscal year 2024 is attributed to higher than budgeted enplaned passengers due to the increase in business and leisure travel. Concession revenues for fiscal year 2024 were \$18.9 million which represents a 9.8% increase when compared to fiscal year 2023 concession revenue. Concession revenues for fiscal year 2023 were \$17.2 million which represents a 16.9% increase when compared to fiscal year 2022 concession revenue.

Below is a summary of revenues and nonoperating income stated in thousands, for the three fiscal years ended June 30, 2024, 2023, and 2022:

	FY 2024	FY 2023	FY 2022
Operating Revenues			
Parking	\$ 30,157	\$ 27,317	\$ 22,437

EXPENSES

The following graphs illustrate operating expenses for the three fiscal years ended June 30, 2024, 2023, and 2022 and main sources of expenses for the Airport and each source's percentage of total operating expense for the fiscal year ended June 30, 2024.

Operating Expense History (in thousands)

2024 Operating Expenses

Operating expenses, exclusive of depreciation, totaled \$35.5 million for fiscal year 2024, \$31.2 million for fiscal year 2023 and \$25.6 million for fiscal year 2022. The largest expense category for fiscal year 2024 was personnel expense, which increased by \$1.5 million when compared to fiscal year 2023. Fiscal year 2023 personnel expense increased by \$1.9 million when compared to fiscal year 2022. Parking expense increased by \$665 thousand or 13.3% when compared to fiscal year 2023 parking expense. Fiscal year 2023 parking expense increased by \$1.3 million or 36.4% when compared to fiscal year 2022 parking expense. The increase in parking expense in fiscal year 2024 was primarily due to staffing increases related to the increased in parking volume.

Below is a summary of expenses stated in thousands, for the three fiscal years ended June 30, 2024, 2023, and 2022:

	FY 2024	FY 2023	FY 2022
Operating Expenses			
Personnel	\$ 15,770	\$ 14,293	\$ 12,364

CASH FLOW ACTIVITIES

A summary of the major sources and uses of cash and cash equivalents are as follows:

	FY 2024	FY 2023	FY 2022
Cash flows provided by operating activities	\$ 30,362	\$ 28,322	\$ 25,700
Cash flows provided by investing activities	7,153	2,954	2,352
Cash flows provided by noncapital financing activities	(212)	14,832	6,982
Cash flows used in capital and related financing activities	<u>(4,399)</u>	<u>(5,172)</u>	<u>(7,577)</u>
Net (decrease) increase in cash and cash equivalents	32,905	40,937	27,457
Cash and cash equivalents			
Beginning of year	<u>166,095</u>	<u>125,158</u>	<u>97,701</u>
End of year	\$ 199,000	\$ 166,095	\$ 125,158

Cash flow from operating activities for 2024 increased by \$2.0 million or 7.2% compared to fiscal year 2023. Cash flow from operating activities for 2023 increased by \$2.6 million or 10.2% compared to fiscal year 2022. In fiscal year 2024, the change is primarily due to a \$6.5 million increase in cash received from operations offset by a \$1.4 million increase in cash paid to employees and a \$3.1 million increase in cash paid to suppliers when compared to fiscal year 2023. Cash flow from noncapital financing activities for 2024 decreased by (\$15.0) million or (101.4%) compared to fiscal year 2023.

Cash and cash equivalents for fiscal year 2024 amounted to \$199.0 million representing a \$32.9 million increase from fiscal year 2023. Cash and cash equivalents for fiscal year 2023 amounted to \$166.1 million representing a \$40.9 million increase when compared to fiscal year 2022.

AIRLINE RATES AND CHARGES

The 5-year extension of the airline operating and terminal building agreement between the Commission and certain airlines was effective on July 1, 2022. This agreement establishes the methods to be used in determining airline rates and charges at the Airport. The Commission has a non signatory fee policy that adds a 15% surcharge to the signatory landing fee.

Rental fees increased from fiscal year 2023 to 2024 in the amount of \$1.0 million and increased from fiscal year 2022 to 2023 in the amount of \$30 thousand. The increase in fiscal year 2024 when compared to fiscal year 2023 is primarily attributed to a \$1.3 million increase related to terminal building rental income and adjustments offset by a decrease of (\$142) thousand lease revenue rental income. The apron fees increased \$455 thousand from fiscal year 2023 to 2024 and decreased (\$136) thousand from fiscal year 2022 to 2023. Rates and charges for the signatory airlines were as follows:

**Capital Region Airport Commission
Management’s Discussion and Analysis (Continued)
June 30, 2024 and 2023**

Signatory Airline Rates and Charges	Rate Effective FY 2024	Rate Effective FY 2023	Rate Effective FY 2022
Apron fees (square foot)	\$ 1.48	\$ 1.15	\$ 1.13
Landing fees (1,000 lb. unit)	1.51	1.56	1.57
Terminal rental (square foot)	44.93	37.18	36.92

Note: The rates and charges for 2024 are estimates.

PASSENGER FACILITY CHARGES

The Commission collects \$4.50 per qualifying enplaned passenger. Passenger Facility Charges (“PFC”) totaled \$10.0 million for fiscal year 2024 which was an increase of 8.6% when compared to fiscal year 2023. PFC revenue for fiscal year 2023 increased 13.2% when compared to fiscal year 2022. The PFC revenue increased by 22.1% when compared to fiscal year 2024 budgeted amount based on the conservative budgeted enplaned passenger increase.

CUSTOMER FACILITY CHARGES

The CFC funds collected can be used to pay for the costs to construct and maintain the rental car ready/return garage and the office/administrative kiosks for each of the rental car companies as well as the construction and maintenance of other rental car facilities agreed to by the rental car companies that have entered into the on-airport car rental concession agreement. CFC charges remained at \$2.00 for the fiscal year 2024. Collections for the year ended June 30, 2024 were \$2.8 million, 5.1% greater than the year ended June 30, 2023 collections of \$2.7 million. Total rental vehicle transaction days for fiscal year 2024 were 1.4 million compared to 1.3 million in fiscal year 2023.

CAPITAL AND DEBT ACTIVITY

Capital Assets

Investments in capital assets include land, land improvements, buildings, construction in progress, furniture and fixtures, machinery and equipment, paved facilities, and subscriptions. Capital assets, before accumulated depreciation and retirements, increased \$19.1 million for fiscal year 2024 when compared to fiscal year 2023 and increased \$22.3 million for fiscal year 2023 from 2022. The increase in capital assets in fiscal year 2024 when compared to fiscal 2023 is primarily attributed to a \$13.7 million increase in construction in progress. Depreciation expense for fiscal year 2024 was \$29.1 million compared to \$29.4 million in fiscal year 2023, and \$28.2 million in fiscal year 2022.

See Note 4 of Notes to Financial Statements.

Major capital projects that have started or are planned to begin in the next 5 years include:

- ➔ Rental Car Garage Connector
- ➔ Federal Inspection Services- Customs Facility

**Capital Region Airport Commission
Management's Discussion and Analysis (Continued)
June 30, 2024 and 2023**

CAPITAL AND DEBT ACTIVITY (continued)

- ➔ New ARFF Station
- ➔ Passenger Boarding Bridge Replacements
- ➔ Taxiway C Intersection Relocation
- ➔ Consolidated Security Checkpoint

Long-Term Debt

As of June 30, 2024, the Commission had principal debt outstanding of \$38,856 as follows (in thousands):

	\$ 38,703
Airport Revenue Bonds	
Subscription Liabilities	153
	<hr/>
Total	\$ 38,856
	<hr/>

See Note 5 of Notes to Financial Statements.

ECONOMIC FACTORS AND FISCAL 2025 BUDGET

The Airport experienced a significant increase in passenger traffic due to the economic rebound from the COVID-19 pandemic along with the increase in routes by the airlines at Richmond International Airport. The passenger enplanement number for fiscal year 2024 was 2.4 million, a 10.0% increase over fiscal year 2023 which continues to surpass the record of fiscal year 2019 of 2.1 million passengers.

Campbell-Hill Aviation Group provided an enplanement forecast and outlook scenario for fiscal year 2025 through fiscal year 2029. The forecast takes into consideration several factors including:

- RIC Enplanement Data
- Airline Cancellation Trends
- Historical U.S. Department of Transportation, T-100 Data
- Historical, Current, and Future monthly schedule data
- Campbell-Hill assessment of the evolving service patterns and information from airlines
- Past recoveries (especially Post 9-11 and Post natural disasters)
- The key statistic estimated is enplaned passengers. They also estimated monthly onboard passengers (both directions combined) and flights operated by scheduled passenger carriers.

The Commission intentionally took a conservative approach by going below the low forecast provided by Campbell Hill which is consistent with the Federal Aviation Administration (FAA) Terminal Area Forecast (TAF) of 3.1%. The forecast anticipates passenger traffic to continue to increase during fiscal year 2025. The low forecast projects that the enplanements for fiscal year 2025 would be 2.5 million which would be 0.4% higher than fiscal year 2024 actual enplanements.

**Capital Region Airport Commission
Management's Discussion and Analysis (Continued)
June 30, 2024 and 2023**

The Commission took a conservative approach to the fiscal year 2025 budget which was based on 2.5 million enplanements, slightly below the Campbell-Hill low projection. The fiscal year 2025 budget includes \$66.3 million in operating revenue; a (3.0%) decrease compared to the fiscal year 2024 actual revenues of \$68.4 million. Parking, concession, and rental revenues are expected to provide the main source of income for fiscal year 2025. Operating expenses of \$46.3 million are budgeted for fiscal year 2025; an increase of 30.3% compared to fiscal year 2024 actual expenses of \$35.5 million. Most of the increase in operating expenses is attributed to an increase in personnel costs. The Commission's fiscal year 2025 approved capital budget allotted \$30.5 million for new projects, equipment, and studies.

REQUEST FOR INFORMATION

This financial report is designed to provide interested parties with a general overview of the Commission's finances. Should you have any questions about this report or need additional information, please contact the Chief Financial Officer, 1 Richard E. Byrd Terminal Drive, Richmond International Airport, VA 23250-2400. NOTES TO FINANCIAL STATEMENTS

Explanatory notes providing support to the financial statements.

RICHMOND
INTERNATIONAL AIRPORT.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The Capital Region Airport Commission ("Commission") is a political subdivision of the Commonwealth of Virginia. Commissioners are appointed by participating subdivisions, which currently include the City of Richmond, Virginia and the Counties of Chesterfield, Hanover and Henrico, Virginia. The Commissioners are responsible for addressing broad policy matters and approving the operating and capital budgets. The financial statements of the Commission are presented in the fund of a single enterprise fund; which includes all business activities of the Richmond International Airport (the "Airport"), which the Commission oversees. The Commission, as the owner and operator of the Airport, maintains and enhances facilities to better serve the air transportation needs of Central Virginia. Major functional areas include Executive, Finance, Marketing & Air Service Development, Planning & Engineering, Public Safety and Real Estate. The Airport is currently served by nine major airlines and ten regional airlines.

In December 2022, the Commission created the Capital Region Airport Commission Foundation for the purpose of raising funds to support the Commission. The Foundation is a 501(c)(3) corporation with a December year-end and is considered a blended component unit. Blended component units, although legally separate entities, are, in substance, part of the government's operations, and so data from these units are combined with data of the primary government. The Foundation's calendar year 2023 activity included donations of \$4,850, service fees of \$1,141 and an ending cash balance of \$3,709, which are not reflected in the Commission's financial statements. Inclusion of the Foundation's financial activity will be assessed going forward.

The financial statements presented for the Commission are prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") applicable to governmental units as prescribed by the Governmental Accounting Standards Board ("GASB").

SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are presented on the accrual basis of accounting, recognizing revenue when it is earned and expenses when they are incurred.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, deferred inflows and disclosures of commitments and contingencies at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Commission considers all highly liquid debt instruments purchased with original maturities of three months or less to be cash equivalents.

Investments

Investments, principally money market accounts, and certificates of deposit, are carried at amortized cost. Federal and municipal obligations and money market funds are reported at fair value. Fair values of investments are based on quoted market prices at year end. All investment income, including changes in the fair value of investments, is reported in the Statements of Revenues, Expenses, and Changes in Net Position.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Debt Issuance Costs and Original Issuance Premiums

Debt issuance costs are expensed when they are incurred. Original issuance premiums are amortized using the effective interest method and included on the Statements of Net Position as a reduction or addition to long-term debt.

Deferred Outflows of Resources

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Commission has multiple items that qualify for reporting in this category. The accounting loss on debt refunding resulted from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt as a component of interest expense. The other items are comprised of certain items related to pension and other postemployment benefits (OPEB). For more detailed information on these items, reference the related notes.

Deferred Inflows of Resources

In addition to liabilities, the Statement of Net Position includes a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Commission has multiple items that qualify for reporting in this category. Certain items related to pension, OPEB, and leases are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

Capital Assets

Capital assets acquired by the Commission, including assets purchased with designated contributions, are recorded at cost (except for intangible right-to-use subscription assets, the measurement of which is discussed in more detail below). Contributed capital assets are recorded at acquisition value at the date of contribution.

Depreciation is determined using the straight-line method applied over the following estimated useful lives:

Category	Years
Land improvements	5-20
Buildings	40
Paved facilities	20
Furniture and fixtures	5-20
Machinery and equipment	3-15
Subscription assets	1-5

The cost of maintenance and repairs is charged to expense as incurred. Expenses, that significantly increase property lives, are capitalized. Capital assets having a cost in excess of \$7,500 and a useful life greater than one year are capitalized.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition

Revenue is recognized when earned. Parking revenue is recognized when the customer vehicle exits the parking facility. Landing and apron fees are recognized as revenue when the Airport facilities are utilized. Concession revenue is recognized based on reported concessionaire revenue. Rental revenue is recognized over the life of the respective leases. All other revenue is recognized when earned.

Revenue and Expense Classifications

Revenues from airlines, concessions, rental cars and parking are reported as operating revenues. Transactions, which are financing or investing related and customer and passenger facility charges, are reported as nonoperating revenues.

All expenses related to operating the Commission are reported as operating expenses. Interest expense and financing costs are reported as nonoperating expenses.

Customer Facility Charges

As of December 1, 2000, the Commission entered into a Rental Car Customer Facility Charge Agreement with the on-site airport rental car companies. In accordance with the bond indenture for the rental car garage facility, the Commission determines the amount of the Customer Facility Charge ("CFC") for each rental vehicle transaction day to be collected by the rental car companies. The amount collected is remitted directly to the Commission for deposit in trust accounts restricted for use in connection with the rental car garage facility. Beginning February 1, 2001, the CFC was set at \$2 per day. The rate fluctuated downward over the years to a low of \$.40 on May 1, 2014, but increased to \$3.00 during fiscal year 2015. On June 1, 2016 the rate was changed to \$2.00. Collections during fiscal year 2024 were \$2.8 million (2023 - \$2.7 million).

Passenger Facility Charges

The Federal Aviation Administration (the "FAA") authorized the Commission Passenger Facility Charges ("PFC") rate of \$4.50 per qualifying enplaned passenger, effective January 1, 2005, with the net receipts restricted to use on FAA approved projects. The Commission has been authorized to collect PFC plus interest thereon in the aggregate amount of \$224.1 million. Collections during fiscal year 2024 were \$10.0 million (2023 - \$9.2 million) and aggregate collections and interest thereon from inception through June 30, 2024 were \$183 million. Net position related to PFC is restricted for projects that are approved by the FAA.

Federal and State Grants

The Commission receives grants for airport projects funded through the Airport Improvement Program ("AIP") of the FAA and Federal Emergency Management Agency ("FEMA") with certain matching funds and other funds provided by the Commonwealth of Virginia. Capital grants are reported in the statements of revenues, expenses and changes in net position as capital grants and contributions.

State Entitlement Funds

The Commission receives annual entitlement fund allocations from the Virginia Department of Aviation which are required to be maintained in a separate, interest-bearing account. The use of the funds is restricted for purposes established by the Virginia Aviation Board. In addition, the Commission is allowed to apply for PFC Funds that are reimbursements of State Entitlement Funds. Once the application is approved, the funds collected are considered State Entitlement Funds and are restricted for purposes established by the Virginia Aviation Board.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Restricted Net Position

The Commission reports restricted net position for net pension and OPEB benefits, certain required debt service funds, and for the CFC, PFC, and state entitlement programs. When both restricted and unrestricted assets are available for use, the Commission applies restricted assets first and then applies unrestricted assets as needed.

Salaries and Wages

Accrued salaries and wages include regular salaries and wages and accumulated vacation and sick leave. Vacation and sick leave are accumulated based on formulas applied to months of service during a calendar year. Vacation carryover beyond fiscal year end is limited to two times the annual vacation accrual with a maximum of 336 hours per employee. Sick leave accumulates indefinitely; however, the Commission is obligated to pay only 25% of the accumulated liability upon retirement or termination up to a maximum of \$5,000 per employee. Vested vacation and sick leave unpaid at year end is included in accrued expenses and amounted to \$1.285 million at June 30, 2024, and \$1.014 thousand at June 30, 2023. The net increase for fiscal year 2024 amounted to \$271 thousand; represented by payments of \$819 thousand to vested employees and additional accrued vacation and sick leave of \$1.090 million. For fiscal year 2023, the net increase amounted to \$84 thousand.

Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Commission's Retirement Plan and the additions to/deductions from the Commission's Retirement Plan's fiduciary net position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits (OPEB)

For purposes of measuring the VRS related OPEB net asset, net liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI, HIC, LODA, and VLDP OPEB Plans and the additions to/deductions from the VRS OPEB Plans' fiduciary net position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Budgets

Operating and capital budgets are adopted annually by the Commission and are amended as necessary during the fiscal year. The accrual basis of accounting is applied to the development of these budgets.

Risk Management

The Commission carries commercial insurance for risks of loss including property, workers' compensation, theft, auto liability, general liability and construction insurance. The Commission also carries coverage for public officials and employer's liability under the Virginia State Police Officials' Self-Insurance Pool. There have been no significant reductions in insurance coverage in comparison to coverage in prior years and settled claims resulting from these risks have not exceeded commercial insurance coverage for each of the three past fiscal years.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allowance for Doubtful Accounts

The allowance for doubtful accounts reflects management's best estimate of probable losses inherent in the accounts receivable balance. The allowance is determined based on known troubled accounts, historical experience, and other currently available evidence. The allowance activity in the allowance for doubtful accounts was as follows:

	<u>2024</u>	<u>2023</u>
Balance, beginning of period	\$ 433,842	\$ 433,842
Charged to costs and other write-offs	-	-
Bad debt expense	46,771	-
Balance, end of period	<u>\$ 480,613</u>	<u>\$ 433,842</u>

Leases and Subscription-Based IT Arrangements (SBITAs)

The Commission has various lease assets and subscription-based IT arrangements (SBITAs) requiring recognition. A lease is a contract that conveys control of the right to use another entity's nonfinancial asset. Lease recognition does not apply to short-term leases, contracts that transfer ownership, leases of assets that are investments, or certain regulated leases. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

Lessor

The Commission recognizes leases receivable and deferred inflows of resources. At commencement of the lease, the lease receivable is measured at the present value of lease payments expected to be received during the lease term, reduced by any provision for estimated uncollectible amounts. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is measured at the initial amount of the lease receivable, less lease payments received from the lessee at or before the commencement of the lease term (less any lease incentives).

Lessee

The Commission recognizes lease liabilities and intangible right-to-use lease assets (lease assets) with an initial value of \$7,500, individually or in the aggregate. At the commencement of the lease, the lease liability is measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease liability is reduced by the principal portion of payments made. The lease asset is measured at the initial amount of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. The lease asset is amortized over the shorter of the lease term or the useful life of the underlying asset.

Subscriptions

The Commission recognizes intangible right-to-use subscription assets (subscription assets) and corresponding subscription liabilities with an initial value of \$7,500, individually or in the. At the commencement of the subscription, the subscription liability is measured at the present value of payments expected to be made during the subscription liability term (less any contract incentives). The subscription liability is reduced by the principal portion of payments made. The subscription asset is measured at the initial amount of the subscription liability payments made to the SBITA vendor before commencement of the subscription term, and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. The subscription asset is amortized over the shorter of the subscription term or the useful life of the underlying IT asset.

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Leases and Subscription-Based IT Arrangements (SBITAs): (continued)

Key Estimates and Judgments

Lease and SBITA accounting includes estimates and judgments for determining the (1) rate used to discount the expected lease and subscription payments to present value, (2) lease and subscription term, and (3) lease and subscription payments.

- The Commission uses the interest rate stated in lease or subscription contracts. When the interest rate is not provided or the implicit rate cannot be readily determined, the Commission uses its estimated incremental borrowing rate as the discount rate for leases and subscriptions.
- The lease and subscription terms include the noncancellable period of the lease or subscription and certain periods covered by options to extend to reflect how long the lease or subscription is expected to be in effect, with terms and conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as lease or subscription incentives and certain other payments are included in the measurement of the lease receivable (lessor), lease liability (lessee) or subscription liability.

The Commission monitors changes in circumstances that would require a remeasurement or modification of its leases and subscriptions. The Commission will remeasure the lease receivable and deferred inflows of resources (lessor), the lease asset and liability (lessee) or the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the lease receivable, lease liability or subscription liability.

Regulated Leases

The leases between the Commission and air carriers and other aeronautical users are subject to external laws, regulations, or legal rulings. The Commission recognizes inflows of resources (revenue) based on the payment provisions of the lease contract.

Net Position

The difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 2. FORMATION OF THE COMMISSION

As of January 1, 1976, under an agreement among the City of Richmond, Virginia (the "City"), the County of Henrico, Virginia and the Commission; the City transferred to the Commission the property then constituting the Airport. Consideration for the transfer was \$3,000,000 plus the Commission's agreement to reimburse the City \$7,484,954 for the portion of the City's debt service related to the Airport property (City has been fully reimbursed). The Commission valued the property at \$64,924,072, based on independent appraisals, and recorded the property on its books at this amount. The \$54,439,118 difference between the recorded amount and the consideration was treated as a contribution of assets.

Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash, cash equivalents and investments consisted of the following:

	2024	2023
Petty cash	\$ 4	\$ 433
Deposits at financial institutions	68,038,143	67,714,659
Cash equivalents and investments	134,345,658	101,641,620
	\$ 202,383,805	\$ 169,356,712
Summary:		
Unrestricted assets	\$ 48,920,759	\$ 50,705,360
Restricted assets	153,463,046	118,651,352
	\$ 202,383,805	\$ 169,356,712

Deposits

At June 30, 2024, the carrying value of the Commission's deposits with banks was \$68,038,143 with corresponding bank balances of \$67,540,661. At June 30, 2023, the carrying value of the Commission's deposits with banks was \$67,714,659 with corresponding bank balances of \$70,000,397. Bank balances are covered by Federal Depository Insurance Corporation ("FDIC") in accordance with the Virginia Security for Public Deposits Act.

The remainder of money markets and cash deposits maintained by trustees is \$130,961,672.

Under the Act, banks holding public deposits in excess of the amounts insured by FDIC must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. Deposits are considered insured as the State Treasury Board has the ability to assess additional collateral of the participating banks, if necessary. The State Treasury Board is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of compliance by banks and savings and loan associations.

Credit Risks

The Commission's policy is to follow the statutes of the Commonwealth of Virginia and invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank) and Asian Development Bank, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances, repurchase agreements and the State Treasurer's Local Government Investment Pool ("LGIP") and the Commonwealth of Virginia State Non-Arbitrage Program ("SNAP").

NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

Interest and credit risk: Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The Commission currently has no formal policy relating to interest rate risk. The Commission's cash equivalents and investments at June 30, 2024, except for those relating to money market funds, are categorized below to give an indication of the level of risk assumed by the Commission at year-end:

Investment Maturities and Ratings for 2024

Investment Type	Fair Value	Less Than 12		Moody's Quality Ratings
		months	Over 12 months	
Federal National Mortgage Association	\$ 424,274	\$ -	\$ 424,274	Aaa
Federal Home Loan Banks	704,427	-	704,427	Aaa
Federal Home Loan Mortgage Corp	1,898,831	-	1,898,831	Aaa
Federal Farm Credit Banks Funding Corp	356,454	-	356,454	Aaa
	<u>\$ 3,383,986</u>	<u>\$ -</u>	<u>\$ 3,383,986</u>	

Investment Maturities and Ratings for 2023

Investment Type	Fair Value	Less Than 12		Quality Ratings
		months	Over 12 months	
Federal National Mortgage Association	\$ 406,846	\$ -	\$ 406,846	Aaa
Federal Home Loan Banks	690,604	-	690,604	Aaa
Federal Home Loan Mortgage Corp	1,818,014	-	1,818,014	Aaa
Federal Farm Credit Banks Funding Corp	346,438	-	346,438	Aaa
	<u>\$ 3,261,902</u>	<u>\$ -</u>	<u>\$ 3,261,902</u>	

Fair Value Measurements:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Commission categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The Commission maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels as follows:

- Level 1 are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at a measurement date.
- Level 2 are directly or indirectly observable inputs for the asset or liability other than quoted prices.
- Level 3 are unobservable inputs that are supported by little or no market activity for the asset or liability.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 3. CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

Fair Value Measurements: (continued)

The Commission has the following recurring fair value measurements as of June 30, 2024 and 2023:

Investment	6/30/2024	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Federal National Mortgage Association		\$ 424,274		
Federal Home Loan Banks		704,427		
Federal Home Loan Mortgage Corp		1,898,831		
Federal Farm Credit Banks Funding Corp		356,454		
Money Market Mutual Funds		130,961,672		
		<u>\$ 134,345,658</u>		

Investment	6/30/2023	Fair Value Measurement Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Federal National Mortgage Association		\$ 406,846		
Federal Home Loan Banks		690,604		
Federal Home Loan Mortgage Corp		1,818,014		
Federal Farm Credit Banks Funding Corp		346,438		
Money Market Mutual Funds		98,379,718		
		<u>\$ 101,641,620</u>		

Custodial credit risk: The risk that in the event of the failure of the counter party, the Commission will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Commission's investment policy requires the use of a third-party custodial safekeeping agreement for all purchased securities and requires that securities be held in the name of the Commission. As of June 30, 2024, all of the Commission's investment securities held by third parties were in the name of the Commission.

Concentration of credit risk: The Commission places no limit on the amount that may be invested in any one issuer.

(a) *Airport Revenue Bonds, Series 2001A (Non-AMT) and Series 2001B (AMT)*

On January 30, 2001, the Commission adopted the Sixth Supplemental Bond Resolution Authorizing Airport Revenue Bonds \$26,995,000, Series 2001A (Non-AMT) and \$22,065,000 Airport Revenue Bond, Series 2001B (AMT). The bonds were issued on February 8, 2001 to the Virginia Resources Authority (the "VRA"), which is organized and exists as a public body corporate and a political subdivision of the Commonwealth of Virginia. The VRA has been designated by the Commonwealth of Virginia to direct the distribution of loans from the Virginia Airports Revolving Fund to certain local governments to finance airport infrastructure projects at government-owned facilities.

The proceeds of the bonds were used along with other money to finance the construction of a new 1900 space public parking garage, a concourse extension, the refurbishment of the existing terminal and concourses as well as refinance the purchase of 12 acres of land for satellite public parking. Through February 29, 2004, proceeds from the bonds were requisitioned from VRA to reimburse the Commission for the above projects. Beginning March 1, 2004, VRA allowed the remaining 2001A and B proceeds (\$611,756 and \$4,440,957, respectively) to be transferred to SNAP project funds. All of the 2001A and B SNAP project funds have been used as of April 2005. The bonds are dated the date of delivery to the account of VRA and mature on January 1, 2027. The Series 2001A bear interest at 4.36% (Series 2001B at 4.53%) on the unpaid principal from the date of each advance until payment of the entire principal amount.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 5. CERTAIN DISCLOSURES RELATED TO DEBT, INCLUDING DIRECT BORROWINGS AND DIRECT PLACEMENTS (continued)

(a) Airport Revenue Bonds, Series 2001A (Non-AMT) and Series 2001B (AMT) (continued)

In November 2010, the Commission approved a resolution for the interest rate reduction agreement of the 2001A and the 2001B Series Bonds issued through the VRA. The bonds were refinanced effective August 23, 2011. The 2001A Series Bonds bear interest at 3.11% and the 2001B Series Bonds bear interest at 3.28%. Total savings in interest over the remaining life of the bonds will be approximately \$2.8 million. The monthly principal and interest payments on the Series 2001A and Series 2001B are respectively \$138,908 and \$115,275.

In March 2021, the Commission approved a resolution for the interest rate reduction agreement of the 2001A and the redemption of the 2001B Series Bonds issued through the VRA. The 2001A Series bonds were refinanced effective June 24, 2021. The bonds bear interest at 0.685%. Total savings in interest over the remaining life of the 2001A Series bonds will be approximately \$321 thousand. The monthly principal and interest payments on the Series 2001A bonds are \$132,290. On June 24, 2021, the Series 2001B bonds were paid off with a payment of \$5,891,466 (\$5,879,146 principal and \$12,320 interest). Total savings in interest is \$461,000.

(b) Revenue Refunding Bonds, Series 2013A

On April 24, 2013, the Commission issued Airport Revenue Refunding Bonds Series 2013A in the amount of \$21,870,000, secured by an Airport Revenue Bond Resolution adopted by the Commission November 21, 1984, as amended and supplemented, including a Twelfth Supplemental Bond Resolution adopted by the Commission on February 26, 2013. The net proceeds of the bonds were combined with other available resources to establish an irrevocable trust to effectively defease the outstanding principal amount of the 2005A Revenue Bonds maturing on July 1 in the years 2016 through 2025 totaling \$22,955,000. Principal payments are due each year on July 1 starting in 2014 through 2025. Interest on the bonds is payable semi-annually each January 1 and July 1. The estimated net present value savings is \$1,929,000. As a result of the refunding, total debt service payments decreased by \$2,181,934 resulting in an economic gain of \$1,929,376. On August 11, 2021, \$500,000 of the 2013A bonds was refunded with the issuance of 2021B refunding bonds.

(c) Airport Revenue Bonds, Series 2016A

The Commission issued Airport Revenue Refunding Bond Series 2016A on June 1, 2016, in the amount of \$39,305,000. The bonds were issued under and secured by the Airport Revenue Bond Resolution adopted by the Commission on November 21, 1984 (the "Master Resolution"), as amended and supplemented from time to time, including a Thirteenth Supplemental Bond Resolution adopted by the Commission on April 26, 2016 (the "Thirteenth Supplemental Resolution," and together with the Master Resolution, the "Bond Resolution"). The Commission used the net proceeds of the Series 2016A Bonds, together with other funds of the Commission, to refund a portion of its Airport Revenue Bonds, Series 2008A, to fund a debt service reserve subaccount for the Series 2016A Bonds, and to pay certain costs of their issuance. The Series 2016A Bonds bear a variable interest rate from 3% to 5%. Interest is payable on each January 1 and July 1 until maturity or earlier redemption. Principal payments began on July 1, 2019. The

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 5. CERTAIN DISCLOSURES RELATED TO DEBT, INCLUDING DIRECT BORROWINGS AND DIRECT PLACEMENTS (continued)

(c) Airport Revenue Bonds, Series 2016A (continued)

Series 2016A Bonds were issued in fully registered form and in denominations of \$5,000 or integral multiples thereof. The reacquisition price exceeded the net carrying amount of the old debt by \$4,329,914. This amount is reported as the deferred charge on refunding and amortized over the remaining life of the refunded debt. The refunding will reduce total debt service payments over 22 years by \$7,192,885, resulting in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$5,358,514.

On August 11, 2021, \$14,200,000 of the 2016A bonds were refunded with the issuance of 2021A refunding bonds. A proportionate share of the deferred loss and premiums on the 2016A bonds was written off as part of the refunding.

(d) Airport Revenue Refunding Bonds, Series 2021A (Non-AMT) and Series 2021B (Taxable)

On August 11, 2021, the Commission issued Airport Revenue Refunding Bonds Series 2021A in the amount of \$13,615,000 and 2021B in the amount of \$545,000. The net proceeds of the 2021A bonds combined with other available resources were placed in the existing debt service fund to current refund \$14,200,000 of the 2016A Bonds maturing on July 1 in the years 2028 through 2034. The net proceeds of the 2021B bonds were placed in an irrevocable trust to effectively defease \$500,000 of the outstanding principal amount of the 2013A Revenue Bonds maturing on July 1, 2022. Principal payments are due each year on July 1 starting in 2022 through 2033. Interest on the bonds is payable semi-annually each January 1 and July 1. The refunding will result in a cash savings of \$1,058,182, resulting in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$1,172,361.

(e) Restricted Assets

Certain cash and investments are restricted by bond resolutions for the following purposes:

	2024	2023
Cost of issuance	\$ 134,168	\$ 134,168
Debt service	11,048,918	11,139,577
Equipment and capital outlay	100,923,389	69,651,578
Operation and maintenance	22,239,183	20,716,297
	<u>\$ 134,345,658</u>	<u>\$ 101,641,620</u>

(f) Bond Covenants

The bond resolutions contain restrictive covenants with respect to incurring additional indebtedness, sale, lease, or encumbrance of property, maintenance of facility, agreements with airlines and other matters common to such bond issues.

The covenants require that net revenues shall at all times not be less than the greater of 1.0 times the sum of the aggregate debt service and 1.25 times the aggregate debt service on bonds. CARES Act funds are not permitted to be included in the net revenues calculation. The Commission was in compliance with the covenant for the years ended June 30, 2024 and 2023.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 5. CERTAIN DISCLOSURES RELATED TO DEBT, INCLUDING DIRECT BORROWINGS AND DIRECT PLACEMENTS (continued)

(g) Arbitrage

The Commission is subject to arbitrage rebate liability in accordance with Section 148(f) of the Internal Revenue Code of 1986, as amended, and the Final U.S. Treasury Regulations 1.148-1 through 1.148-11 issued on June 19, 1993 and amended on May 9, 1997. There was no accrued arbitrage liability for the years ended June 30, 2024 and June 30, 2023.

Note 6. MAJOR CUSTOMERS

Due to the nature of the Commission's operations, the majority of its operating revenues are from several large customers. The operating revenues from the largest two major customers were \$2,938,070 (4.3%) and \$2,803,905 (4.1%) for the year ended June 30, 2024, and \$2,103,440 (3.5%) and \$1,989,942 (3.3%) for the year ended June 30, 2023.

Note 7. LEASES

The Commission leases space within the terminal building, other buildings, and the rental of Airport land property to air carriers and other tenants under various leases, a majority of which are non-cancellable and terminate no later than January 2056. Lease provisions provide for fixed and variable rental payments, and all are generally designed to allow the Commission to meet its debt service requirements and recover certain operating and maintenance costs. In addition, concession income is derived from various concession agreements from food and beverage, retail sales and rental car companies. The agreements under which the Commission receives revenue from the operation of concessions provide for the payment of a fee based on the greater of an aggregated percentage of gross receipts or a guaranteed minimum. The Commission had rental and concession income of \$32,006,512 and \$29,284,481 in 2024 and 2023, respectively, which is included in operating revenues.

For the years ended June 30, 2024 and 2023, the Commission recognized the following balances related to the non-cancellable leases:

	2024	2023
	Fixed	Fixed
	Payments	Payments
	<hr/>	<hr/>
Rentals, Building, and Ground Area	\$ 889,874	\$ 1,745,590
Concessions	\$ 6,108,766	\$ 4,985,140
Interest Revenue	\$ 494,080	\$ 598,982

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 7. LEASES (continued)

Expected future payments, which are included in the measurement of the lease receivable at June 30, 2024 are as follows:

Year	Principal	Interest	Total
2025	\$ 7,479,112	\$ 508,886	\$ 7,987,999
2026	838,592	379,841	1,218,433
2027	627,102	355,464	982,566
2028	587,362	334,749	922,112
2029	507,543	316,393	823,936
2030-2034	1,710,350	1,407,786	3,118,136
2035-2039	1,761,958	1,077,518	2,839,476
2040-2044	1,666,203	717,218	2,383,421
2045-2049	1,548,568	492,785	2,041,354
2050-2054	1,746,466	246,143	1,992,609
2055-2056	596,794	16,682	613,476
Total	<u>\$ 19,070,049</u>	<u>\$ 5,853,467</u>	<u>\$ 24,923,516</u>

Airport Use and Lease agreements (Regulated Leases)

The Commission has entered into regulated leases with its Signatory Air Carriers (American, Delta, JetBlue, Southwest, Spirit, and United) for usage of facilities for the purpose of conducting air transportation business. The existing two-year extension of the airline operating and terminal building agreement between the Commission and the signatory air carriers expired on June 30, 2022. This agreement establishes the methods to be used in determining airline rates and charges at the Airport. In early fiscal year 2023, the Commission negotiated a new 5-year extension of the operating agreement, which has been signed by American, Delta, Southwest, Spirit, and United, with the final signature expected prior to year-end. These agreements are non-cancellable and will terminate no later than 2028, with option to negotiate an extension, or month-to-month and cancellable with 30 days' notice. Under the terms of these agreements, Signatory Air Carriers and affiliate airlines make monthly payments to the Commission based on the annual rental rates and charges schedule. Rate calculations are based on total estimates of costs and expenses, estimates of passengers and total landed weight per 1,000 lbs., and other factors. Following the end of each fiscal year, the Commission calculates the actual Signatory Airline Landing Fees based on actual costs and actual Total Landed Weight. Any overages or deficits are credited or recovered the following year. Non-signatory airlines are billed an additional 15% surcharge on the signatory landing fee.

Under the agreements with American, Delta, and United, each air carrier has exclusive and preferential use of certain space and facilities of the terminal and preferential use of certain apron areas. Exclusive use is granted for ticket counter areas, ticket counter offices, concourse operations, and baggage service areas. Preferential use is granted for the hold room area, ramp service area, and outbound baggage area. Aircraft gates at the terminal building are assigned on a preferential use basis. Each Signatory Air Carrier has priority in using its gates, but the Commission may temporarily assign gates to other airlines under certain conditions. A Signatory Air Carrier's use of its gates is subject to the certain conditions. If the usage conditions are not met, the Commission may cancel the Signatory Air Carrier's right to use one or more of its gates. No other airlines have exclusive or preferential use of more than ten (10) percent of terminal space or other areas as of June 30, 2024.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 7. LEASES (continued)

Exclusive and preferential use of space are summarized as follows:

	<u>American</u>	<u>Delta</u>	<u>United</u>	<u>Total</u>
Terminal areas - airline space	13,887 sq. ft.	15,892 sq. ft.	9,918 sq. ft.	55,730 sq. ft.
Apron - airline space	123,895 sq. ft.	140,459 sq. ft.	105,735 sq. ft.	468,309 sq. ft.

For the years ended June 30, 2024 and 2023, the Commission recognized the following balances related to Regulated Leases:

<u>2024</u>	<u>Fixed Payments</u>	<u>Variable Payments</u>
American	\$ 973,755	\$ 1,008,383
Delta	\$ 930,557	\$ 817,068
United	\$ 623,399	\$ 478,687
Other Signatory Air Carriers	\$ 933,275	\$ 943,611
<u>2023</u>	<u>Fixed Payments</u>	<u>Variable Payments</u>
American	\$ 706,641	\$ 981,117
Delta	\$ 761,042	\$ 817,068
United	\$ 511,641	\$ 482,472
Other Signatory Air Carriers	\$ 729,410	\$ 930,796

Expected future minimum lease payments from Regulated Leases at June 30, 2024, are as follows:

<u>Fiscal Year*</u>	<u>Amount</u>
2025	\$ 8,807,501

* Rates are determined as part of the annual budget process and unknown for a period beyond one year.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 8. PENSION PLAN

Plan Description

All full-time, salaried permanent employees of the Commission are automatically covered by a VRS Retirement Plan upon employment. This plan is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the Code of Virginia, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

Benefit Structures

The System administers three different benefit structures for covered employees – Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age and service equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 – April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 8. PENSION PLAN (continued)

Average Final compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

Employees Covered by Benefit Terms

As of the June 30, 2022 and June 30, 2021 actuarial valuations, the following employees were covered by the benefit terms of the pension plan:

	2022 Valuation	2021 Valuation
Inactive members or their beneficiaries currently receiving benefits	136	128
Inactive members:		
Vested inactive members	56	51
Non-vested inactive members	131	127
Long-term disability (LTD)	1	-
Inactive members active elsewhere in VRS	71	66
Total inactive members	259	244
Active members	133	143
Total covered employees	528	515

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 8. PENSION PLAN (continued)

Contributions

The contribution requirement for active employees is governed by §51.1-145 of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.0% of their compensation toward their retirement.

The Commission's contractually required employer contribution rate for the years ended June 30, 2024 and 2023, was 10.90% and 10.90%, respectively, of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Commission were \$1,000,005 and \$887,842 for the years ended June 30, 2024 and June 30, 2023, respectively.

Net Pension Liability (Asset)

The net pension liability (asset) (NPL(A)) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. The Commission's net pension liability was measured as of June 30, 2023 and June 30, 2022. The total pension liability used to calculate the net pension liability was determined by actuarial valuations performed as of June 30, 2022 and June 30, 2021, rolled forward to the measurement date of June 30, 2023 and June 30, 2022.

Actuarial Assumptions – General Employees

The total pension liability for General Employees in the Commission's Retirement Plan was based on actuarial valuations as of June 30, 2022 and June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023 and June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	3.50% – 5.35%
Investment rate of return	6.75%, net of pension plan investment expenses, including inflation

**Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS

Note 8. PENSION PLAN (continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		Expected arithmetic nominal return**	8.25%

*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

**On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes, and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the Commission was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2023, the alternate rate was the employer contribution rate used in FY 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2022 actuarial valuations, whichever was greater. From July 1, 2023 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <https://www.varetire.org/Pdf/Publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 9. HEALTH INSURANCE CREDIT (HIC) PLAN

Plan Description

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

Benefit Amounts

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

HIC Plan Notes

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Note 9. HEALTH INSURANCE CREDIT (HIC) PLAN (continued)

Employees Covered by Benefit Terms

As of the June 30, 2022 and June 30, 2021 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

	<u>2022</u> <u>Valuation</u>	<u>2021</u> <u>Valuation</u>
Inactive members or their beneficiaries currently receiving benefits	35	38
Inactive members:		
Vested inactive members	6	4
Long-term disability (LTD)	1	0
Non-vested inactive members	0	0
Inactive members active elsewhere in VRS	<u>72</u>	<u>0</u>
Total inactive members	114	42
Active members	<u>132</u>	<u>143</u>
Total covered employees	<u><u>246</u></u>	<u><u>185</u></u>

Contributions

The contribution requirements for active employees is governed by §51.1-1402(E) of the Code of Virginia, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The Commission's contractually required employer contribution rate for the year ended June 30, 2024 was .42% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The Commission contractually required employer contribution rate for the year ended June 30, 2023 was .42% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Commission to the HIC Plan were \$42,009 and \$36,752 for the years ended June 30, 2024 and June 30, 2023, respectively.

Net HIC OPEB Liability

The Commission net Health Insurance Credit OPEB liability was measured as of June 30, 2023 and June 30, 2022. The total Health Insurance Credit OPEB liability was determined by an actuarial valuation performed as of June 30, 2022 and June 30, 2021, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023 and June 30, 2022.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 9. HEALTH INSURANCE CREDIT (HIC) PLAN (continued)

Actuarial Assumptions

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2022 and June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement dates of June 30, 2023 and June 30, 2022.

Inflation	2.50%
Salary increases, including inflation:	
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

Mortality Rates – Non-Largest Ten Locality Employers – General Employees

Pre-Retirement:

Note 9. HEALTH INSURANCE CREDIT (HIC) PLAN (continued)

Actuarial Assumptions (continued)

The actuarial assumptions used in the June 30, 2022 and June 30, 2021 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021 and July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality Rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 9. HEALTH INSURANCE CREDIT (HIC) PLAN (continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		Expected arithmetic nominal return**	8.25%

*The above allocation provides a one-year expected return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

**On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75% which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2023, the rate contributed by the entity for the HIC OPEB was 100% of the actuarially determined contribution rate. From July 1, 2023 on, employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN)

Plan Description

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, seatbelt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$9,254 as of July 30, 2024.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN) (continued)

Contributions

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation for 2022 and 2021. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the years ended June 30, 2024 and June 30, 2023 was 0.54% of covered employee compensation. This rate was the final approved General Assembly rate, which was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the GLI Plan from the Commission were \$54,010 and \$47,417 for the years ended June 30, 2023 and June 30, 2022, respectively.

In June 2023, the Commonwealth made a special contribution of approximately \$10.1 million to the Group Life Insurance Plan. This special payment was authorized by Chapter 2 of the Acts of Assembly of 2022, Special Session I, as amended by Chapter 769, 2023 Acts of Assembly Reconvened Session, and is classified as a special employer contribution. The entity's proportionate share is reflected in other operating revenues in the financial statements.

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB

At June 30, 2024 and June 30, 2023, the entity reported a liability of \$446,984 and \$409,513, respectively for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2023 and June 30, 2022. The total GLI OPEB liability used to calculate the June 30, 2023 Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2022, and rolled forward to the measurement date of June 30, 2023. The Commission's proportion of the Net GLI OPEB Liability was based on the Commission's actuarially determined employer contributions to the GLI Plan for the years ended June 30, 2023 and June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the Commission's proportion was .03727% as compared to .03400% at June 30, 2022 and .03660% at June 30, 2021.

For the years ended June 30, 2024 and June 30, 2023, the Commission recognized GLI OPEB expense of \$6,810 and \$(6,492), respectively. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN) (continued)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (continued)

At June 30, 2024, the Commission reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 44,643	\$ 13,568
Net difference between projected and actual earnings on GLI OPEB plan investments	-	17,962
Change in assumptions	9,554	30,969
Changes in proportionate share	38,886	87,073
Employer contributions subsequent to the measurement date	<u>54,010</u>	<u>-</u>
Total	<u>\$ 147,093</u>	<u>\$ 149,572</u>

At June 30, 2023, the Commission reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 32,428	\$ 16,429
Net difference between projected and actual earnings on GLI OPEB plan investments	-	25,589
Change in assumptions	15,274	39,888
Changes in proportionate share	11,392	115,535
Employer contributions subsequent to the measurement date	<u>47,417</u>	<u>-</u>
Total	<u>\$ 106,511</u>	<u>\$ 197,441</u>

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN) (continued)

GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (continued)

\$54,010 and \$47,417 reported as deferred outflows of resources related to the GLI OPEB resulting from the Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net GLI OPEB Liability in the fiscal years ending June 30, 2025 and June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the GLI OPEB will be recognized in the GLI OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>	<u>2024</u>	<u>Year Ended June 30</u>	<u>2023</u>
2025	\$ (21,128)	2024	\$ (27,488)
2026	(39,430)	2025	(31,936)
2027	(9,302)	2026	(48,900)
2028	2,166	2027	(21,034)
2029	11,205	2028	(8,989)
Thereafter	-	Thereafter	-

Actuarial Assumptions

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2022 and June 30, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023 and June 30, 2022. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Locality - General employees	3.50%-5.35%
Locality - Hazardous Duty employees	3.50%-4.75%
Investment rate of return	6.75%, net of investment expenses, including inflation

Mortality Rates – Non-Largest Ten Locality Employers-General Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years

Actuarial Assumptions: (continued)

Mortality Rates – Non-Largest Ten Locality Employers-General Employees (continued)

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Mortality Rates – Non-Largest Ten Locality Employers – Hazardous Duty Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

NET GLI OPEB Liability

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2023, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

	GLI OPEB Plan
Total GLI OPEB Liability	\$ 3,907,052
Plan Fiduciary Net Position	2,707,739
GLI Net OPEB Liability (Asset)	<u>\$ 1,199,313</u>
Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability	69.30%

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN) (continued)

NET GLI OPEB Liability (continued)

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		Expected arithmetic nominal return**	8.25%

*The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

**On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 10. GROUP LIFE INSURANCE (GLI) PLAN (OPEB PLAN) (continued)

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by the Commission for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2023, on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the Commission's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the Commission's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate.

		Rate		
		1% Decrease	Current Discount	1% Increase
Commission's proportionate				
share of the GLI Plan	2023	\$ 662,570	\$ 446,984	\$ 272,681
Net OPEB Liability	2022	595,890	409,513	258,896

GLI Plan Fiduciary Net Position

Detailed information about the GLI Plan's Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <https://www.varetire.org/Pdf/Publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Note 11. LINE OF DUTY ACT (LODA) PROGRAM

Plan Description

The Virginia Retirement System (VRS) Line of Duty Act Program (LODA) was established pursuant to §9.1-400et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The LODA Program provides death and health insurance benefits to eligible state and local government employees, including volunteers, who die or become disabled as a result of the performance of their duties as a public safety officer. In addition, health insurance benefits are provided to eligible survivors and family members. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System). As required by statute, the Virginia Retirement System (the System) is responsible for managing the assets of the program. Participating employers made contributions to the program beginning in FY 2012. The employer contributions are determined by the System's actuary using anticipated program costs and the number of covered individuals associated with all participating employers.

The specific information for LODA OPEB, including eligibility, coverage and benefits is described below:

Eligible Employees

All paid employees and volunteers in hazardous duty positions in Virginia localities as well as hazardous duty employees who are covered under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), or the Virginia Law Officers' Retirement System (VaLORS) are automatically covered by the LODA Program. As required by statute, the Virginia Retirement System (the System) is responsible for managing the assets of the program.

Benefit Amounts

The LODA program death benefit is a one-time payment made to the beneficiary or beneficiaries of a covered individual. Amounts vary as follows: \$100,000 when a death occurs as the direct or proximate result of performing duty as of January 1, 2006, or after; \$25,000 when the cause of death is attributed to one of the applicable presumptions and occurred earlier than five years after the retirement date; or an additional \$20,000 benefit is payable when certain members of the National Guard and U.S. military reserves are killed in action in any armed conflict on or after October 7, 2001.

The LODA program also provides health insurance benefits. The health insurance benefits are managed through the Virginia Department of Human Resource Management (DHRM). The health benefits are modeled after the State Employee Health Benefits Program plans and provide consistent, premium-free continued health plan coverage for LODA eligible disabled individuals, survivors and family members.

Contributions

The contribution requirements for the LODA Program are governed by §9.1-400.1 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Each employer's contractually required employer contribution rate for the LODA Program for the year ended June 30, 2024 and June 30, 2023 was \$830 and \$681.84, respectively per covered full-time-equivalent employee. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021 and represents the pay-as-you-go funding rate and not the full actuarial cost of the benefits under the program. The actuarially determined pay-as-you-go rate was expected to finance the costs and related expenses of benefits payable during the year. Contributions to the LODA Program from the entity were \$29,085 and \$26,592 for the years ended June 30, 2024 and June 30, 2023, respectively.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 11. LINE OF DUTY ACT (LODA) PROGRAM (continued)

Contributions (continued)

LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB

At June 30, 2024 and June 30, 2023, the entity reported a liability of \$803,322 and \$734,620, respectively for its proportionate share of the Net LODA OPEB Liability. The Net LODA OPEB Liability was measured as of June 30, 2023 and June 30, 2022. The total LODA OPEB liability used to calculate the June 30, 2023 Net LODA OPEB Liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The entity's proportion of the Net LODA OPEB Liability was based on the entity's actuarially determined pay-as-you-go employer contributions to the LODA OPEB plan for the years ended June 30, 2023 and June 30, 2022 relative to the total of the actuarially determined pay-as-you-go employer contributions for all participating employers. At June 30, 2023, the entity's proportion was .20040% as compared to .19410% at June 30, 2022 and .24490% at June 30, 2021.

For the years ended June 30, 2024 and June 30, 2023, the entity recognized LODA OPEB expense of \$93,507 and \$82,081, respectively. Since there was a change in proportionate share between measurement dates, a portion of the LODA OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2024, the entity reported deferred outflows of resources and deferred inflows of resources related to the LODA OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 42,850	\$ 151,265
Net difference between projected and actual earnings on LODA OPEB program investments	-	2,350
Change in assumptions	178,427	165,649
Change in proportionate share	87,253	197,580
Employer contributions subsequent to the measurement date	<u>29,085</u>	<u>-</u>
Total	<u>\$ 337,615</u>	<u>\$ 516,844</u>

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 11. LINE OF DUTY ACT (LODA) PROGRAM (continued)

LODA OPEB Liabilities, LODA OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the LODA OPEB (continued)

At June 30, 2023, the entity reported deferred outflows of resources and deferred inflows of resources related to the LODA OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 56,439	\$ 137,299
Net difference between projected and actual earnings on LODA OPEB program investments	-	3,142
Change in assumptions	204,865	181,191
Change in proportionate share	82,218	231,991
Employer contributions subsequent to the measurement date	<u>26,592</u>	<u>-</u>
Total	<u>\$ 370,114</u>	<u>\$ 553,623</u>

\$29,085 and \$26,592 reported as deferred outflows of resources related to the LODA OPEB resulting from the entity's contributions subsequent to the measurement date will be recognized as a reduction of the Net LODA OPEB Liability in the fiscal year ending June 30, 2025 and June 30, 2024, respectively. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the LODA OPEB will be recognized in LODA OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>	<u>2024</u>	<u>Year Ended June 30</u>	<u>2023</u>
2025	\$ (18,137)	2024	\$ (16,714)
2026	(18,064)	2025	(16,647)
2027	(11,758)	2026	(16,576)
2028	(18,742)	2027	(10,343)
2029	(32,188)	2028	(17,219)
Thereafter	(109,426)	Thereafter	(132,602)

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 11. LINE OF DUTY ACT (LODA) PROGRAM (continued)

Actuarial Assumptions

The total LODA OPEB liability was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation	2.50%
Salary increases, including inflation:	
Locality employees	N/A
Medical cost trend rates assumption:	
Under age 65	7.00%-4.75%
Ages 65 and older	5.25%-4.75%
Year of ultimate trend rate:	
Under age 65	Fiscal year ended 2028
Ages 65 and older	Fiscal year ended 2023
Investment rate of return	3.86%, including inflation*

*Since LODA is funded on a current-disbursement basis, the assumed annual rate of return of 3.86% was used since it approximates the risk-free rate of return. The assumed annual rate of return of 3.69% was used in the 2022 measurement since it approximated the risk-free rate of return.

Mortality Rates – Non-Largest Ten Locality Employers with Public Safety Employees

Pre-Retirement:

Pub-2010 Amount Weighted Safety Employee Rates projected generationally; 95% of rates for males; 105% of rates for females set forward 2 years

Post-Retirement:

Pub-2010 Amount Weighted Safety Healthy Retiree Rates projected generationally; 110% of rates for males; 105% of rates for females set forward 3 years

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 95% of rates for males set back 3 years; 90% of rates for females set back 3 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted Safety Contingent Annuitant Rates projected generationally; 110% of rates for males and females set forward 2 years

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 11. LINE OF DUTY ACT (LODA) PROGRAM (continued)

Actuarial Assumptions (continued)

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020. Changes to the actuarial assumptions as a result of the experience study are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

Net LODA OPEB Liability

The net OPEB liability (NOL) for the Line of Duty Act Program represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of measurement date of June 30, 2023, NOL amounts for the LODA Program is as follows (amounts expressed in thousands):

	LODA Program	
	<u>\$</u>	
Total LODA OPEB Liability	\$	406,211
Plan Fiduciary Net Position		5,311
LODA Net OPEB Liability (Asset)	<u>\$</u>	<u>400,900</u>
Plan Fiduciary Net Position as a Percentage of the Total LODA OPEB Liability		1.31%

The total LODA OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 11. LINE OF DUTY ACT (LODA) PROGRAM (continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on LODA OPEB Program's investments was set at 3.86% for this valuation. Since LODA is funded on a current-disbursement basis, it is not able to use the VRS Pooled Investments 6.75% assumption. Instead, the assumed annual rate of return of 3.86% was used since it approximates the risk-free rate of return. This Single Equivalent Interest Rate (SEIR) is the applicable municipal bond index rate based on the Fidelity Fixed Income General Obligation 20-year Municipal Bond Index published monthly by the Board of Governors of the Federal Reserve System as of the measurement date of June 30, 2023.

Discount Rate

The discount rate used to measure the total LODA OPEB liability was 3.86% and 3.69% at 2023 and 2022, respectively. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made per the VRS Statutes and that they will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2023, the rate contributed by participating employers to the LODA OPEB Program will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly.

Sensitivity of the Commission's Proportionate Share of the Net LODA OPEB Liability to Changes in the Discount Rate

The following presents the Commission's proportionate share of the net LODA OPEB liability using the 2023 discount rate of 3.86%, as well as what the Commission's proportionate share of the net LODA OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.69%) or one percentage point higher (4.69%) than the current rate. The 2022 share is presented using the discount rate of 3.69%, as well as the one percentage point decrease (2.69%) and one percentage point increase of 4.69%.

		Discount Rate		
		1% Decrease	Current	1% Increase
Commission's proportionate				
share of the LODA	2023	\$ 900,715	\$ 803,322	\$ 720,929
Net OPEB Liability	2022	838,562	734,620	649,583

Sensitivity of the Commission's Proportionate Share of the Net LODA OPEB Liability to Changes in the Health Care Trend Rate

Because the Line of Duty Act Program contains a provision for the payment of health insurance premiums, the liabilities are also impacted by the health care trend rates. The following presents the Commission's proportionate share of the net LODA OPEB liability using the health care trend rate of 7.00% decreasing to 4.75%, as well as what the Commission's proportionate share of the net LODA OPEB liability would be if it were calculated using a health care trend rate that is one percentage point lower (6.00% decreasing to 3.75%) or one percentage point higher (8.00% decreasing to 5.75%) than the current rate.

LODA OPEB Fiduciary Net Position

Detailed information about the LODA Program Fiduciary Net Position is available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP)

Plan Description

Political subdivisions are required by Title 51.1 of the Code of Virginia, as amended, to provide short-term and long-term disability benefits for their hybrid plan employees either through a local plan or through the Virginia Local Disability Program (VLDP). This is a multiple-employer, cost-sharing plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for eligible public employer groups in the Commonwealth of Virginia.

The specific information for the VLDP OPEB, including eligibility, coverage, and benefits is described below:

Eligible Employees

The Political Subdivision VLDP was implemented January 1, 2014 to provide benefits for non-work-related and work-related disabilities for employees with hybrid plan retirement benefits. All full-time, salaried general employees; including local law enforcement officers, firefighters, or emergency medical technicians of political subdivisions who do not provide enhanced hazardous duty benefits; who are in the VRS Hybrid Retirement Plan benefit structure and whose employer has not elected to opt out of the VRS-sponsored program are automatically covered by the VRS Political Subdivision VLDP.

Benefit Amounts

The VLDP provides a short-term disability benefit beginning after a seven-calendar-day waiting period from the first day of disability. Employees become eligible for non-work-related short-term disability coverage after one year of continuous participation in VLDP with their current employer. During the first five years of continuous participation in VLDP with their current employer, employees are eligible for 60% of their pre-disability income if they go out on non-work-related or work-related disability. Once the eligibility period is satisfied, employees are eligible for higher income replacement levels.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

Benefit Amounts (continued)

The VLDP provides a long-term disability benefit beginning after 125 workdays of short-term disability. Members are eligible if they are unable to work at all or are working fewer than 20 hours per week. Members approved for long-term disability will receive 60% of their pre-disability income. If approved for work-related long-term disability, the VLDP benefit will be offset by the workers' compensation benefit. Members will not receive a VLDP benefit if their workers' compensation benefit is greater than the VLDP benefit.

VLDP Notes

Members approved for short-term or long-term disability at age 60 or older will be eligible for a benefit, provided they remain medically eligible. VLDP Long-Term Care Plan is a self-funded program that assists with the cost of covered long-term care services.

Contributions

The contribution requirements for active hybrid plan employees is governed by §51.1-1178(C) of the Code of Virginia, as amended, but may be impacted as a result of funding provided to political subdivisions by the Virginia General Assembly. Each political subdivision's contractually required employer contribution rate for the years ended June 30, 2024 and June 30, 2023 was 0.85% and .85%, respectively, of covered employee compensation for employees in the VRS Political Subdivision Employee VDLP. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2021 and June 30, 2021, respectively. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Commission to the VRS Political Subdivision Employee VDLP were \$37,491 and \$26,323 for the years ended June 30, 2024 and June 30, 2023, respectively.

VLDP OPEB Liabilities, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to VLDP OPEB

At June 30, 2024 and June 30, 2023, the Commission reported a liability (asset) of \$(8,153) and \$(2,611), respectively for its proportionate share of the VLDP Net OPEB Liability. The Net VLDP OPEB Liability was measured as of June 30, 2023 and June 30, 2022, respectively. The total VLDP OPEB liability used to calculate the June 30, 2023 Net VLDP OPEB Liability was determined by an actuarial valuation as of June 30, 2022 and rolled forward to the measurement date of June 30, 2023. The Commission's proportion of the Net VLDP OPEB Liability was based on the Commission's actuarially determined employer contributions to the VLDP OPEB plan for the years ended June 30, 2023 and June 30, 2022 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2023, the Commission's proportion of the VLDP was 0.50670% as compared to 0.44410% at June 30, 2022 and 0.49424% at June 30, 2021.

For the years ended June 30, 2024 and June 30, 2023, the Commission recognized VLDP OPEB expense of \$20,476 and \$14,035, respectively. Since there was a change in proportionate share between measurement dates a portion of the VLDP Net OPEB expense was related to deferred amounts from changes in proportion.

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

VLDP OPEB Liabilities, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to VLDP OPEB: (continued)

At June 30, 2024, the Commission reported deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,061	\$ 5,079
Net difference between projected and actual earnings on VLDP OPEB program investments	20	-
Change in assumptions	54	747
Changes in proportionate share	31	586
Employer contributions subsequent to the measurement date	37,491	-
Total	<u>\$ 40,657</u>	<u>\$ 6,412</u>

At June 30, 2023, the Commission reported deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,671	\$ 5,587
Net difference between projected and actual earnings on VLDP OPEB program investments	-	11
Change in assumptions	100	937
Changes in proportionate share	1	826
Employer contributions subsequent to the measurement date	26,323	-
Total	<u>\$ 30,095</u>	<u>\$ 7,361</u>

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

VLDP OPEB Liabilities, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to VLDP OPEB: (continued)

\$37,491 and \$26,323 reported as deferred outflows of resources related to the VLDP OPEB resulting from the Commission's contributions subsequent to the measurement date will be recognized as a reduction of the Net VLDP OPEB Liability in the fiscal year ending June 30, 2025 and June 30, 2024, respectively. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the VLDP OPEB will be recognized in the VLDP OPEB expense in future reporting periods as follows:

<u>Year Ended June 30</u>	<u>2024</u>	<u>Year Ended June 30</u>	<u>2023</u>
2025	\$ (445)	2024	\$ (434)
2026	(1,491)	2025	(461)
2027	118	2026	(1,367)
2028	(238)	2027	50
2029	(538)	2028	(260)
Thereafter	(652)	Thereafter	(1,117)

Actuarial Assumptions

The total VLDP OPEB liability for the VLDP was based on an actuarial valuation as of June 30, 2022, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2023.

Inflation	2.50%
Salary increases, including inflation	3.50%-5.35%
Investment rate of return	6.75%, net of program investment expenses, including inflation

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

VLDP OPEB Liabilities, VLDP OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to VLDP OPEB: (continued)

Actuarial Assumptions (continued)

Mortality Rates – Non-Largest Ten Locality Employers – General and Non-Hazardous Duty Employees

Pre-Retirement:

Pub-2010 Amount Weighted General Employee Rates projected generationally; males set forward 2 years; 105% of rates for females set forward 3 years

Post-Retirement:

Pub-2010 Amount Weighted General Healthy Retiree Rates projected generationally; 95% of rates for males set forward 2 years; 95% of rates for females set forward 1 year

Post-Disablement:

Pub-2010 Amount Weighted General Disabled Rates projected generationally; 110% of rates for males set forward 3 years; 110% of rates for females set forward 2 years

Beneficiaries and Survivors:

Pub-2010 Amount Weighted General Contingent Annuitant Rates projected generationally

Mortality Improvement Scale:

Rates projected generationally with Modified MP-2020 Improvement Scale that is 75% of the MP-2020 rates

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

Net VLDP OPEB Liability

The net OPEB liability (NOL) for the Political Subdivision Employee VLDP represents the program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2023, NOL amounts for the VRS Political Subdivision Employee VLDP is as follows (amounts expressed in thousands):

	Political Subdivision VLDP OPEB Plan	
	<hr/>	
Total Political Subdivision VLDP OPEB Liability	\$	9,525
Plan Fiduciary Net Position		11,134
Political Subdivision VLDP net OPEB Liability (Asset)	\$	<u>(1,609)</u>
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision VLDP OPEB Liability		116.89%

The total Political Subdivision Employee VLDP OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Political Subdivision Employee VLDP OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

This space intentionally left blank.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 12. VIRGINIA LOCAL DISABILITY PROGRAM (VLDP) (continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on VRS System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class (Strategy)	Long-term Target Asset Allocation	Arithmetic Long-term Expected Rate of Return	Weighted Average Long-term Expected Rate of Return*
Public Equity	34.00%	6.14%	2.09%
Fixed Income	15.00%	2.56%	0.38%
Credit Strategies	14.00%	5.60%	0.78%
Real Assets	14.00%	5.02%	0.70%
Private Equity	16.00%	9.17%	1.47%
MAPS - Multi-Asset Public Strategies	4.00%	4.50%	0.18%
PIP - Private Investment Partnership	2.00%	7.18%	0.14%
Cash	1.00%	1.20%	0.01%
Total	100.00%		5.75%
		Inflation	2.50%
		Expected arithmetic nominal return**	8.25%

*The above allocation provides a one-year return of 8.25%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the System, stochastic projections are employed to model future returns under various economic conditions. These results provide a range of returns over various time periods that ultimately provide a median return of 7.14%, including expected inflation of 2.50%.

**On June 15, 2023, the VRS Board elected a long-term rate of return of 6.75%, which was roughly at the 45th percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.14%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total VLDP OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ending June 30, 2023, the rate contributed by the Commission for the VLDP will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2021 on, all agencies are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the VLDP OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total VLDP OPEB liability.

Capital Region Airport Commission

Political Subdivision Employee VLDP OPEB Fiduciary Net Position

Detailed information about the VRS Political Subdivision Employee Virginia Local Disability Program's Fiduciary Net Position is also available in the separately issued VRS 2023 Annual Comprehensive Financial Report (Annual Report). A copy of the 2023 VRS Annual Report may be downloaded from the VRS website at <https://www.varetire.org/pdf/publications/2023-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

Note 13. PRE-65 MEDICAL PLAN FOR RETIREES

Plan Description

In addition to the benefits provided through VRS, the Commission administers a single-employer defined benefit healthcare plan, The Capital Region Airport Commission Pre-65 Medical Plan for Retirees. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the Commission's pension plans. The plan does not issue a publicly available financial report.

Benefits Provided

Postemployment benefits provided to eligible retirees include medical, dental, and vision coverage. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the Commission with a minimum of 15 years of continuous service that retire on or after July 1, 2019, are eligible to enroll in Commission sponsored medical plan at full cost of medical plan premiums until retiree reaches age 65. Retirees who have at least 15 years of service credit in VRS and who are participating in an acceptable health insurance plan are eligible for a health insurance credit to assist with the cost of their health insurance premiums. Disabled retirees are eligible for the full credit regardless of their length of service. The health insurance credit payment cannot exceed the amount of the health insurance premium for the retiree-only coverage. The plan does not include a pre-retirement death benefit.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 13. PRE-65 MEDICAL PLAN FOR RETIREES (continued)

Plan Membership

At June 30, 2024 and 2023 (measurement date), the following employees were covered by the benefit terms:

	2024	2023
	Measurement	Measurement
Total active employees with coverage	127	127
Total retirees with coverage	-	-
Total spouses of retirees with coverage	-	-
Total	<u>127</u>	<u>127</u>

Contributions

The Commission does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Commission. There is no amount paid by the Commission for OPEB as 100% of premiums are paid directly by retirees.

Total OPEB Liability

The Commission's total OPEB liability was measured as of June 30, 2024 and June 30, 2023. The total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation performed as of the valuation date, using updated actuarial assumptions, applied to all periods included in the measurement and projected forward to the measurement dates of June 30, 2024 and June 30, 2023. Any significant changes during this period have been reflected as prescribed by GASB 74 and GASB 75.

Actuarial Assumptions

The total OPEB liability in the January 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50% per year as of June 30, 2024 2.50% per year as of June 30, 2023
Salary Increases	The salary increase rate starts at 5.35% and 4.75% salary increase for 1 year of service for general and public safety employees, respectively and gradually declines to 3.50% salary increase for 20 or more years of service.
Discount Rate	3.93% as of June 30, 2024 3.65% as of June 30, 2023

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 13. PRE-65 MEDICAL PLAN FOR RETIREES (continued)

Actuarial Assumptions (continued)

Mortality rates for Active employees and healthy retirees were based on Pub-2010 Amount Weighted General Employee Rates projected generationally and for public safety employees, Pub-2010 Amount Weighted Safety Employee Rates projected generationally. For more detailed information on mortality rates, reference the previous notes for VRS plans.

The date of the most recent actuarial experience study for which significant assumptions were based covered the period from July 1, 2016 to June 30, 2020. The demographic assumptions recommended as a result of this study were adopted by the VRS Board of Trustees on April 20, 2021.

The Long-Term Expected Rate of Return on OPEB Plan investments is 3.93% as of June 30, 2024 and 3.65% as of June 30, 2023.

Discount Rate

The discount rates are based on the Bond Buyer General Obligation 20-Bond Municipal Index as of their respective measurement dates.

Capital Region Airport Commission
NOTES TO FINANCIAL STATEMENTS
June 30, 2024 and 2023

Note 15. RELATED PARTY TRANSACTIONS

During the years ended June 30, 2024 and 2023, the Commission entered into various recurring transactions with certain municipalities relating primarily to water and sewer fees, other utilities, roadway maintenance and advertising contracts.

Note 16. DEFERRED COMPENSATION PLAN

The Commission offers an approved deferred compensation plan pursuant to Section 457 of the Internal Revenue Code. All Commission employees are eligible to participate and may defer their gross income not to exceed a maximum of \$23,000 for the year 2024; with participants age 50 and older allowed to defer a maximum of \$30,000. The compensation deferred is not available to employees until termination, retirement, death or an unforeseeable emergency. All plan assets are held in a custodial account for the exclusive benefit of participants and beneficiaries under the Plan. Accordingly, the related assets and liabilities associated with the plan are not reported as part of the Commission's financial information.

Note 17. COMMITMENTS AND CONTINGENCIES

In the normal course of its operations, the Commission has commitments, contingent liabilities, lawsuits and claims. Commission management does not expect that any amount it may have to pay in connection with any of these matters would have a material adverse effect on the financial position of the Commission. The Commission has a standby letter of credit in the amount of \$750,000 with First Virginia Bank for the control of sedimentation and/or erosion. As of June 30, 2024, the Commission had construction commitments of approximately \$44.8 million, of which approximately \$15.5 million will be paid from federal and state grants, including PFC funds.

Note 18. SUBSEQUENT EVENTS

On October 31, 2024, the Commission closed on the issuance of \$30,175,000 in PFC Bonds, which will be used to fund a passenger boarding bridge replacement (\$24,000,000) and terminal restroom rehabilitation (\$6,000,000). The bonds carry an interest rate of 3.95% and a term of 15 years.

REQUIRED SUPPLEMENTARY INFORMATION

Schedules focusing on changes in net pension liability (asset) and related ratios of the VRS pension plan as well as net OPEB assets and liabilities and related ratios of the various OPEB plans.

Capital Region Airport Commission
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
VRS PENSION PLAN
Year Ended June 30, 2024

Changes of Benefit Terms

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of Assumptions

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) – Non-Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

All Others (Non-10 Largest) – Hazardous Duty:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
VRS OPEB PLANS
Year Ended June 30, 2024

Changes of benefit terms – There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions – The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2021. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

Health Insurance Credit (HIC), Group Life Insurance (GLI), and Virginia Local Disability Program (VLDP) Plans

Non-Largest Ten Locality Employers - General Employees:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to Pub-2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience for Plan 1; set separate rates based on experience for Plan 2/Hybrid; changed final retirement age from 75 to 80 for all
Withdrawal Rates	Adjusted rates to better fit experience at each age and service decrement through 9 years of service
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Non-Largest Ten Locality Employers - Hazardous Duty Employees:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Updated to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change
Discount Rate	No change

Line of Duty Act (LODA) Program

Employees in the Non-Largest Ten Locality Employers with Public Safety Employees:

Mortality Rates (pre-retirement, post-retirement healthy, and disabled)	Update to Pub-2010 public sector mortality tables. Increased disability life expectancy. For future mortality improvements, replace load with a modified Mortality Improvement Scale MP-2020
Retirement Rates	Adjusted rates to better fit experience and changed final retirement age from 65 to 70
Withdrawal Rates	Decreased rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Top 10 Hazardous Duty
Disability Rates	No change
Salary Scale	No change
Line of Duty Disability	No change

Capital Region Airport Commission
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
PRE-65 MEDICAL PLAN FOR RETIREES
Year Ended June 30, 2024

Valuation Date: 1/1/2023
 Measurement Date: 6/30/2024

No assets are accumulated in a trust that meets the criteria in GASB 75 to pay related benefits.

Methods and assumptions used to determine OPEB liability:

Actuarial Cost Method	Entry age normal level % of salary
Discount Rate	3.65% as of June 30, 2023; 3.93% as of June 30, 2024
Inflation	2.50% per year as of June 30, 2023; 2.50% per year as of June 30, 2024
Healthcare Trend Rate	The healthcare trend rate assumption starts at 7.10% in 2023 and gradually declines to 3.90% by the year 2073.
Salary Increase Rates	The salary increase rate starts at 5.35% and 4.75% salary increase for 1 year of service for general and public safety employees, respectively and gradually declines to 3.50% salary increase for 20 or more years of service.
Disability Rates	25% of disability cases are assumed to be service related for general employees and 35% for public safety employees.
Mortality Rates - General Employees	Used rates consistent with those used in the June 30, 2021 actuarial valuation of the Virginia Retirement System.
Mortality Rates - Public Safety Employees	Used rates consistent with those used in the June 30, 2021 actuarial valuation of the Virginia Retirement System.

Capital Region Airport Commission
REVENUE BOND COVERAGE
Ten Years Ended June 30, 2024

Per the rate covenant in the bond indenture net revenues shall at all times not be less than the greater of 1.0 times the sum of the aggregated debt service and 1.25 times the aggregate debt service on bonds. The indenture states that the commission cannot be in default of this requirement for two consecutive fiscal years.

The fiscal year 2024 budget provides for net revenues that exceed 1.0 times the sum of the aggregated debt service and 1.25 times the aggregate debt service on bonds.

Fiscal Year	Revenue	Expense	Net Revenue Available	Debt Service on Bonds	Debt Service	Coverage	
						Debt Service on Bonds	Debt Service

Note: The amounts above are determined in accordance with applicable provisions of the Commission's Master Revenue Bond Resolution (the "Resolution"). Revenue and expense as reported in the statements of revenues, expenses and net position have been adjusted as required by the Resolution. Pursuant to the Resolution, debt service on bonds include only debt service on airport revenue bonds increased by a multiple of 1.00 times, whereas, debt service includes debt service on all debt and certain deposits required to be made by the Resolution.

Total Airport Improvement Program			\$ 6,173,756
Total Expenditures of Federal Awards			\$ 6,173,756

Basis of Presentation

The Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal award activity of the Commission under programs of the federal government for the year ended June 30, 2024. The information in this schedule is presented in accordance with requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Commission.

Summary of Significant Accounting Policies

The Schedule of Expenditures of Federal Awards is prepared on the cash basis of accounting not the accrual basis as the Commission's financial statements. The Commission uses the cash basis of accounting, wherein revenues are recognized when cash is received, and expenses are recognized when paid. The amounts shown as current year expenses represent only the federal grant portion of the program costs. Entire program costs, including the Commission's portion, may be more than shown.

The Commission has not elected to use the 10% de minimis indirect cost rate.

Contingent Liabilities-Grants

The Commission received grant funds, from the Federal Government, for construction projects, operating, and debt service expenditures. Expenditures from these grants are subject to audit by the grantor, and the Commission is contingently liable to refund amounts received in excess of allowable expenditures. In the opinion of the management of the Commission, no material refunds will be required as a result of expenditures disallowed by the grantors.

Subrecipients

No awards were passed through to subrecipients.

**Independent Auditors' Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

**To the Commissioners
Capital Region Airport Commission
Richmond International Airport, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities of Capital Region Airport Commission as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Capital Region Airport Commission's basic financial statements and have issued our report thereon dated November 11, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Capital Region Airport Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Capital Region Airport Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of Capital Region Airport Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Capital Region Airport Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance For Each Major Program and
on Internal Control over Compliance Required by the Uniform Guidance**

**To the Commissioners
Capital Region Airport Commission
Richmond International Airport, Virginia**

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Capital Region Airport Commission's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Capital Region Airport Commission's major federal programs for the year ended June 30, 2024. Capital Region Airport Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Capital Region Airport Commission complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Capital Region Airport Commission and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Capital Region Airport Commission's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Capital Region Airport Commission's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Capital Region Airport Commission's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Capital Region Airport Commission's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Capital Region Airport Commission's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Capital Region Airport Commission's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Capital Region Airport Commission's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control over Compliance (Continued)

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
